

Topgal

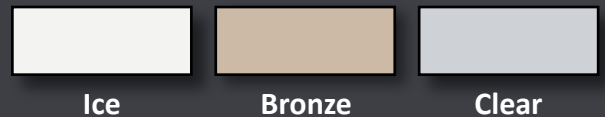

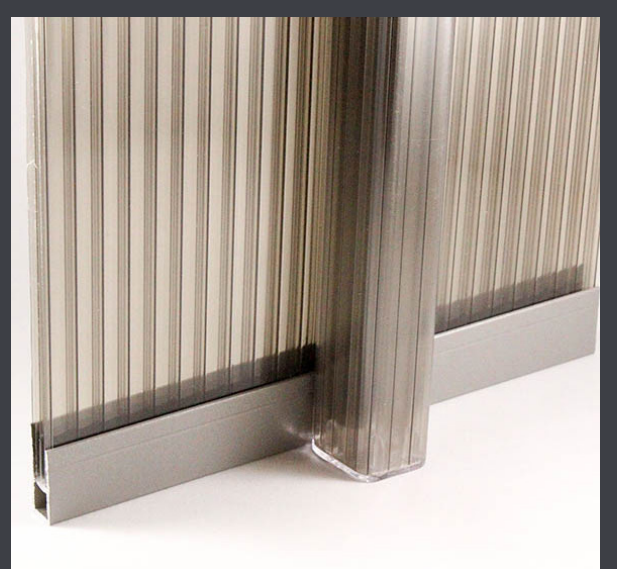

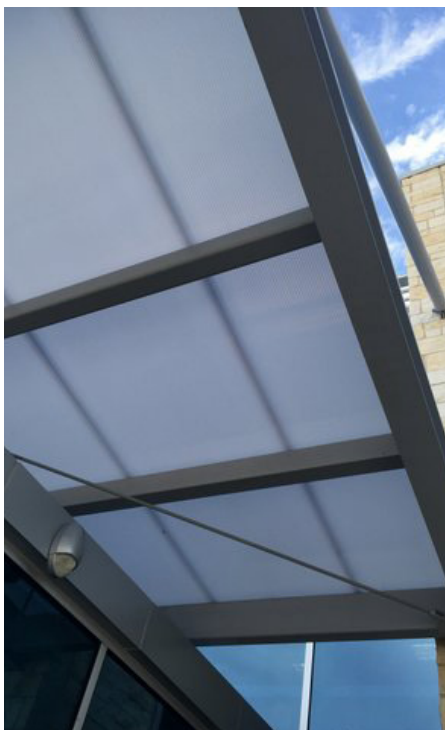

Introducing **Topgal**, the latest generation of multiwall polycarbonate sheets to hit our shelves. It's standing-seam panel design creates a **leak resistant** option for both homeowners and businesses. The system has the same great benefits of Polygal with increased strength, rigidity, and thermal insulation.

Topgal offers a **long-term solution** to cover your new or existing shade structure. You can enjoy your outdoor space rain or shine without sacrificing natural light.

Benefits

- Standing seam panel system
- Increased leak resistance
- Increased thermal insulation
- UV protective layer
- Standard 10 year warranty
- Easy to handle and install

Specifications

- **Thickness:** 8mm
- **Size:** 23.6" x 336"
